Dear Mr. Gagon:

The Division has received your notice of intent to mine on the above location and understand that your building-stone operation does not meet the minimum size requirements to be affected by the Mined Land Reclamation Act. Please note that if your operation size changes to greater than 500 tons per year or exceeds two (2) acres in surface area, you should notify the Division.

If you are contemplating expanded operation and need assistance in preparing the reclamation plan, please feel free to contact this office for assistance.

Very truly yours,

DIVISION OF OIL, GAS, & MINING
